

3-Hole blade pro

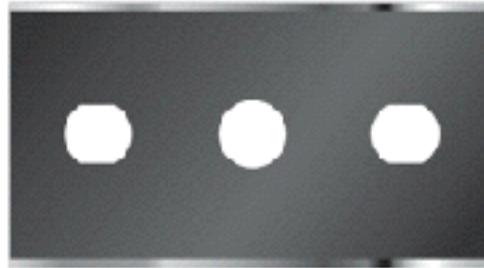

6050479

3-hole blade pro 40x22x0,20mm 10 pcs

Double milled carbon steel with a protective oxide layer. Elastic surface with a hard core provides a more reliable blade for craftsmen. Used for cutting wallpaper, fabric and felt in their frames and moldings.

"I have used Sollex 3-Hole blade for 30 years. Clearly I am satisfied with them." Kenneth professional painter
